

WELCOME TO OUR PRACTICE!!!

Dr. Mary Makhoulf and staff are pleased you have chosen our office for your dental needs. We are eager to get to know you.

Our reputation is built on integrity, exceptional skill and outstanding service. We are committed to providing you with the absolute best dental services. Our motto is "Above and Beyond Dentistry"! On October 19, 2012, Dr. Makhoulf was honored at an induction ceremony into the **International College of Dentists** for striving "to maintain and elevate the dignity of the profession through the highest standards of ethical and professional conduct". Only 3-4% of dentists worldwide are inducted into this collegiate fellowship.

We provide General and Special Care Dentistry for all ages, from children to seniors. Because Dr. Makhoulf is Board Certified in Special Care Dentistry, she has a special interest in the **mouth-body connection** especially with geriatrics, oncology and diabetes among other medically interrelated situations.

We offer a variety of procedures to restore a healthy, functional and beautiful smile! **Services** include a thorough general exam, preventive services and education, teeth cleaning-including deep cleaning, fillings, fluoride treatments, sealants, crowns, single root canals, dentures, partials, bridges, veneers, bonding, extractions, implant restoration, whitening, retirement and long term dental planning, phased care plans, coordination with physicians as needed, and more.

Our friendly and helpful staff will go "Above and Beyond" to make your visit a comfortable and relaxing experience. Since the initial exam is quite **thorough**, please be prepared to spend one **hour** or so with us. Additionally, since there are several types of cleanings, we need to establish exactly what you need before we offer it to you. Therefore, the cleaning is typically scheduled after a proper gum diagnosis has been established.

If we have not already done so, please ask your former dentist to forward your latest x-rays to help us evaluate your dental needs. **X-rays** may be sent via e-mail to Frontdesk@docmary.com.

Our office will file claims to all major **insurance** carriers and we accept cash, checks, and major credit cards. Additionally, we have partnered with Care Credit, which allows many patients the financial freedom and flexibility when needing extensive restorative dental work. For patients without insurance coverage, we are pleased to offer a 3% courtesy when paying for services in full by cash or check.

We are **located** at 1682 Westbrook Avenue, Burlington, NC, 27215. (If using GPS to locate us, enter Elon as the city to find us.)

Again, thank you for choosing our practice for your dental needs. We look forward to a long partnership together. If you should have any questions or comments, please feel free to contact us at **336-226-8406**.

Our practice is skillfully administered by Dr. Mary Makhoulf who will be available to you .

Sincerely,

Your Dental Team at Mary Makhoulf, DMD, MS, PA
